About Us.

SYG

SUN Yarnguides Industries is a fully focused Textile Accessories manufacturing company.

Through four decades of knowledge and on-ground expertise, we have manufactured finest quality textile accessories from metal sheets, wire and rods: Ferrous and Non Ferrous. Our production capabilities incorporate, in-house tool room, metal surface processing-treatment and Quality Control departments to customize products in any size and shape used in the Textile industry.

Products are made with strict quality control measures ensuring precision to guarantee consistent quality standards to meet customer satisfaction.

Together with our customers, we develop competitive solutions for the challenges in the areas of spinning where Roving and Yarn comes in direct contact with the metal part.

Our Mission

To establish as the top manufacturer of textile machine accessories globally providing highest quality products at competitive price. Committed to continuous innovation, utilising latest technologies and materials. Our goal is to become first choice of customers worldwide.
